

Reception Curriculum Overview

Below is a brief overview of the key areas covered as part of the Reception curriculum:

	Autumn Term	Spring Term	Summer Term
Personal, Social + Emotional Development	Listen and respond to the routines and expectations. Develop independence within the Early Years environment. Show care and concern for self and others. Learn to share the toys and equipment and play co-operatively. To know the importance of oral hygiene.	To work with others on group tasks. To show care and concern for others. To show care and concern for animals in the world. To behave appropriately in and out of school. Know the importance of physical exercise and a healthy diet for good health.	Continue to listen and respond to the routines and expectations. Work with others on group tasks and gain confidence when speaking in a group. Show care and concern for others and to take it in turns when playing. To behave appropriately in and out of school and to be aware of how their own behaviour can affect others.
Communication and Language	To develop speaking and listening skills through activities such as circle time, following instructions, and answering 'how' and 'why' questions about their experiences. Speak and listen carefully to others. Engage in role play.	To continue to develop speaking and listening skills through activities such as circle time, following instructions, and answering 'how' and 'why' questions about their experiences. To describe events in relation to time (past, present and future)	Continue developing concentration and listening skills. Listen to others and respond appropriately showing an awareness of the listeners needs. Listen to and follow instructions during a given task. Listen to stories and rhymes anticipating key events and to identify rhyming words. To use talk to organise, sequence and clarify thinking, ideas, feelings and events.
Literacy	Learn and use letter sounds. Begin to read and write recognisable letters and words most of which are correctly formed. Encourage the children to mark make independently and read back what they have written. To handle books with care. The importance of books within our daily routines.	Use knowledge of sounds in reading and writing to read and write key words more independently. Demonstrate an understanding of texts using the skills of prediction and inference. To share a variety of fiction and non-fiction texts that relate to our topics.	Use knowledge of Song of Sounds in reading and writing. Read and write key words more independently. Demonstrate an understanding for what they have read and to discuss their book. Use and understand recently introduced vocabulary. Write in simple sentences and be able to read back what they have written. Use capital letters correctly, finger spaces between words and full stops.
Mathematics	Count reliably to 10 and beyond. Use number skills when involved in practical activities. Notice numbers around them. Work with shapes and be able to describe them. Compare a set of objects. Subitising, (recognising quantities without counting).	To read and write the numbers to 10. To describe 2D shapes accurately. To apply knowledge of counting and numbers to solve simple problems. To recall number bonds up to 5.	Order, read and write the numbers to 20 and to know the composition of numbers below 10. Use money in simple shopping activities. Use subitising to estimate and count groups of objects. Use everyday language related to time. To use language involving size, weight, capacity, position and distance.

Reception Curriculum Overview Continued

Below is a brief overview of the key areas covered as part of the Reception curriculum:

	Autumn Term	Spring Term	Summer Term
Understanding of the World	<p>Notice things and ask questions. Discuss seasonal changes. Understand some of the traditions associated with Harvest and Christmas. Name the different parts of the body. Be aware of the changes as they grow up from a baby to now. Talk about the lives of people around them.</p> <p>Talk about extinction of animals and the time of the dinosaurs.</p>	<p>Name and talk about different animals that live in Polar Regions. Learn about animals that hibernate. Continue to use a range of computing for a purpose. Experiment with freezing and melting. Describe their immediate environment, making observations and discussing.</p>	<p>Explain similarities and differences between their lives and lives of others. Show an awareness of seasonal changes. Continue to use the computer and a range of other programs independently. Look at and draw simple maps. Look at some stories from the Bible, e.g. Noah's Ark.</p>
Physical Development	<p>Be able to put on their coats and socks and shoes independently. Move their bodies with increasing confidence and creativity. Develop skills using small apparatus, e.g. balls, hoops etc. Develop fine motor skills, e.g. holding pencil, scissors, paintbrushes etc. Build resilience by taking part in risk taking opportunity.</p>	<p>Develop skills in Outdoor Games and PE using a variety of large/small equipment (spatial awareness, throwing, catching, rolling, jumping, balancing, team games). Explore a range of topic related dance to move with imagination and confidence. To continue to develop fine motor skills e.g. cutting/pencil control.</p>	<p>Be involved in Sports Day. Develop throwing and catching skills, balancing and climbing. Move confidently in a range of ways negotiating space and equipment. Use transport equipment safely. Change for swimming independently and develop water confidence during swimming sessions. Handle tools, construction and malleable materials safely. Know the importance of physical exercise and a healthy diet for good health.</p>
Expressive Arts and Design	<p>Engage in opportunities to use a range of art materials e.g. painting, printing, model making. Learn simple songs and use the percussion instruments. Be involved in role-play activities and imaginative play. Share their creations explaining the process they have used. Perform songs, rhymes, poems and stories with others.</p>	<p>Continue to use a range of art materials/ techniques. Explore colour mixing with 'hot' and 'cold' colours. Construct sculptures using play-doh, clay, recycled modelling, lego. Topic related arts and crafts including large scale collaborative models. Continue learning songs and accompanying with instruments.</p>	<p>Continue to experiment with a range of art materials and techniques to express their own thoughts and ideas. Create their own art work based upon an artist. Explore rhythm (fast & slow) and pitch (high and low). Work as part of a group developing and acting out a narrative.</p>
