North Lancing Primary School

School Uniform Policy

A school uniform dress code is implemented at North Lancing as it is felt that wearing matching clothing helps students feel connected to their group of peers and a part of the school community. The uniform code provides practical benefits, eliminating time and worry in the morning deciding what to wear. Wearing school uniforms also makes students feel less pressure to follow the lead of peers and purchase trendy and expensive apparel. A smart uniform gives the pupils a sense of pride in their school and encourages positive behaviours.
